REQUEST FOR CONTRIBUTIONS TO SPC VIDEO GUIDE

The South Pacific Commission (SPC) Library is gathering information about video productions available in the Pacific region. Its aim is to produce a Guide to Video Productions which will assist community and extension workers, government officials, libraries, and others to identify not only what videos are available but where to obtain them. In the first edition of the guide, the library plans to concentrate on videos which deal with women's issues, fisheries, and the environment.

If you have produced or know of producers/productions which could be included in the guide, please write to:

The Librarian
South Pacific Commission
B.P. D5
Noumea Cedex
New Caledonia

The Guide will be distributed both in print and on a computer diskette. It will be published in the second half of this year.

Production of the guide has been made possible through assistance from the International Centre for Ocean Development (ICOD) in Canada.
