I would be interested to know if you have any publications on gender mainstreaming and/or who would be a good person to contact within Isis on this subject.

Dear Editors:

I would like to receive a copy of *Women in Action's* latest issue focused on women with disabilities. I believe it is the November 2001 issue.

I work with a team of researchers at the Rural Institute on Disabilities at the University of Montana. We have a fact sheet focused on women, published in June 1999, that I would be happy to share with you. It is titled, "Women with Disabilities: Employment, Income and Health." It was authored by Ann Szalda-

Petree, PhD, Tom Seekins, PhD, and Bill Innes.

If this exchange is of interest to you, let me know the address to which you would like the fact sheet sent.

Thank you so much! I look forward to viewing the issue in its entirety.

Sincerely,
 Lisa Brennan

Dear Mavic,
 Greetings!

Aware of the celebration of the women's month, we would like to reprint some of the articles in your magazine in our community newspaper. The *Mindanao Star* is a weekly newspaper of general circulation in Dipolog City and the province of Zamboanga del Norte. To pay tribute to the women in the world, we feel that we have to come out with an issue that deals with women and the women's movement.

We found some of your articles in the issue No.1 series 2001 to be appropriate to the conditions here in Dipolog City. We would like to ask permission to reprint the editorial, "Men in Women's Spaces," and the articles "Breaking Down the Old Macho Image: Recreating Men and Male Fertility Management."

Hoping for your kind consideration to this request. Thank you very much.

Very truly yours,
